

PROGRAMME

MINIMALLY INVASIVE GASTRECTOMY (MIG)

6 OCTOBER 2025

ANATOMY, EVIDENCE AND KEY STEPS FOR MIG

Chair: Prof Jimmy So and Dr June Lee

09:00 - 09:05	Welcome and Introduction <i>Prof Jimmy So</i>
09:05 - 09:25	Surgical Anatomy of the Stomach and D2 Nodal Stations – A Surgical Perspective <i>Dr Lee Zhen Jin</i>
09:25 - 09:45	Evidence for MIG for Gastric Cancer <i>A/Prof Andrew Wong</i>
09:45 - 10:05	MIG - Step by Step Approach: Tips, Tricks, and Pitfalls <i>Dr Kim Guowei</i>
10:05 - 10:25	D2 Lymphadenectomy in MIG: Tips, Tricks, and Pitfalls <i>Dr Aung Myint Oo</i>
10:25 - 10:45	MIG Complications - Prevention and Managements <i>Prof Simon Law</i>
10:45 - 11:00	Tea/Coffee Break

TECHNICAL ASPECTS OF MIG

Chair: Clin Asst Prof Lin Jinlin and Adj Asst Prof Teh Jun Liang

11:00 - 11:20	Anastomotic Techniques for MIG - Step by Step Approach: Tips, Tricks, and Pitfalls <i>Dr Baldwin Yeung</i>
11:20 - 11:40	MIG/RAMIG - Subtotal Gastrectomy - Step by Step Approach: Tips, Tricks, and Pitfalls <i>Dr Annalisa Ng</i>
11:40 - 12:00	MIG/RAMIG - Total Gastrectomy - Step by Step Approach: Tips, Tricks, and Pitfalls <i>Prof Jimmy So</i>
12:00 - 12:20	MIG/RAMIG - Reconstruction after Proximal Gastrectomy: Step-by-Step Approach: Tips, Tricks, and Pitfalls <i>Dr Kim Guowei</i>
12:20 - 12:40	D2 Lymph Node Dissections (esp Station 6, 7, 8a, 9, 10, 11, 12a) - Step by Step Approach: Tips, Tricks, and Pitfalls <i>A/Prof Asim Shabbir</i>
12:40 - 13:30	Lunch, Group Photo Session - Faculty & Participants

HANDS-ON WORKSHOP

Aim - Full Gastric Mobilisation, Lymph Node Dissection, Anastomosis

13:30 - 15:00	Introduction and Start Hands-on Practical Session <i>Dr Edward Cheong</i>
15:00 - 15:20	Tea/Coffee Break
15:20 - 18:00	Hands-on Practical Session

END OF DAY ONE

PROGRAMME

MINIMALLY INVASIVE ESOPHAGECTOMY (MIE)

7 OCTOBER 2025

ANATOMY, EVIDENCE AND KEY STEPS FOR MIE/RAMIE

Chair: Dr Danson Yeo and Dr Jaideep Raj Rao

08:30 - 08:35	Welcome
08:35 - 08:55	Surgical Anatomy of the Thorax with Respect to MIE/RAMIE from a Surgeon's Point of View <i>Dr Jeremy Tan and Dr Tiffany Lye</i>
08:55 - 09:15	Evidences for MIE/RAMIE: Outcome Analysis and Lessons Learned: Top Tips and Tricks, and Pitfalls <i>Prof Richard van Hillegersberg</i>
09:15 - 09:35	Lymphadenectomy in Thorax during MIE/RAMIE <i>Prof Chao Yin Kai</i>
09:35 - 09:55	Thoracic Duct Dissection - How to Do It! Must I Do It? <i>Prof Peter Grimminger</i>
09:55 - 10:15	Prehabilitation and ERAS in MIE <i>Dr Maria Wobith</i>
10:15 - 10:30	Tea/Coffee Break

TECHNICAL ASPECTS OF MIE

Chair: Dr Kan Yuk Man and Dr Lee Zhen Jin

10:30 - 10:50	MIE/RAMIE (Abdominal Phase) - Gastric Mobilisation, Lymphadenectomy, Narrow Gastric Conduit Formation, Omental Flap - Step by Step Approach with Tips, Tricks, and Pitfalls <i>Prof Richard van Hillegersberg</i>
10:50 - 11:10	MIE/RAMIE (Thoracic Phase) - Esophageal Mobilisation, Lymphadenectomy, Thoracic Duct, Pleural Tent - Step by Step Approach with Tips, Tricks, and Pitfalls <i>Prof Peter Grimminger</i>
11:10 - 11:30	Recurrent Laryngeal Nerve Lymph Node Dissection - Step by Step Approach with Tips, Tricks, and Pitfalls <i>Prof Chao Yin Kai</i>
11:30 - 11:50	MIE Reconstruction Route and Anastomotic Techniques - Circular Stapler vs Semi-mechanical vs Hand Sewn Techniques for Intrathoracic and Cervical Anastomosis <i>Prof Simon Law</i>
11:50 - 12:10	MIE Complications: Preventions and Managements (including Endovac) <i>Dr Edward Cheong</i>
12:10 - 13:00	Lunch

HANDS-ON WORKSHOP

Aim - Esophageal Mobilisation, Lymph Node Dissection, Anastomosis

13:00 - 15:00	Introduction and Start Hands-on Practical Session <i>Dr Edward Cheong</i>
15:00 - 15:20	Tea/Coffee Break
15:20 - 18:00	Hands-on Practical Session

END OF DAY TWO
